“ Cynde was an amazing woman. With a green thumb and a love for animals. We would play our word game daily and man she was quick with ones I forgot were around. She gave good advices and would help if she could when she could. A great lady gone before we wanted her to be. She is joined again with Gus and I'm sure they're dancing away with those heavenly musicians that are there. Our family sends their deepest sympathies to yours , we know the sorrow you're going through.
