“ I will always cherish the short moments I had with Ellen. We both connected right away because she reminds me so much of my mom and my husband. Ellen's story is so beautiful and familiar; her love for sports, especially football, reminds me of my husband. She was so caring, loving, generous, thoughtful, and very independent. I felt like I was in the presence of my own mother whenever I was around here. Every time I saw her, she had that beautiful smile on her face. I will miss her so much. Our Heavenly has gained a beautiful angel and I'm happy that she is in a better place, in peace, without any pain & suffering. May she watch over all of us until we all meet again.

My deepest condolences to Ellen's family. You are all in my prayers.

Love & Prayers,

Godiva N.

“ I remember fondly how Mama always thought the world of Ellen. She was always accepted as who she was- a genuinely loving & caring person who loved her family, especially Sonny & her kids. I will always remember her kindness to me & my family. Life has many challenges -many which are beyond our control but she faced them all as well as she could. Her most enduring legacy is her family & for that she can be proud.

Peace & love to you dear Ellen,  
Genevieve
