“ Our family will miss this sweet man. Tom, I'm especially grateful to you for the time you spent with Michael. I was so surprised and touched to see that you were going along with Tammie and Mike to celebrate his 21st. You didnt feel good and still wanted to go. You made an impression on him and he cared for you alot and called you friend when there aren't that many people he takes an interest in. Thank you for that. May you rest in peace.

“ I feel like it was just yesterday that you were getting ready for your first date ., I think it was bowling if I'm not mistaken.. you were at our house getting ready and you wore the black shiny drop neck shirt with the jeans with the zippers in the front that we had matching pairs of . You were so nervous .. and look what great memories happened .. he was a joy from the first time I met him. I'm sorry so many years kept us apart .. I wish I could have spent more time with you guys .. but that day I came over it picked up like nothing was missed .. he was a truly wonderful person. The part I remember most and thank him for is when Mark and I flew back from Hawaii you and Tom surprised us with Tash in the car .. he knew how much We missed her and wanted her to be the first thing we saw .. I will forever be thankful that he brought so much joy to you.. you deserved him.

“ I miss you, so much. I keep hearing you in my head saying “oh, I don’t know, steph” like you did whenever I asked you for something. I love you, the kids love you, and Steven wishes he could have known you. There are no words to describe the impact you had on my life. I’m so lucky to have had you as one of my dads.
